

STATEMENT OF CONCERN ABOUT LIBRARY MATERIALS

For reconsideration of any library resources, this form must be completed by the requestor, and the requestor must have an active/valid Lake Geneva Public Library card in good standing. For book or magazine reconsideration requests, the entire work must be read and reviewed by the requestor, and all form fields in this document must be completed. Incomplete, cursory, copy/paste responses will not be considered. A separate statement of concern must be submitted for each item - multiple items cannot be combined on a single form. One form per household at a time may be submitted - additional statements can be submitted, one at a time, after the Library / Library Board acts on the pending statement.
